

THE ORIGIN OF THE MONGUOR

Cuī Yǒnghóng 崔永红, Zhāng Dézǔ 张得祖, and Dū Chángshùn 杜常顺;
translated by Keith Dede (Lewis and Clark College)

ABSTRACT

This translated excerpt from the *Comprehensive History of Qinghai* examines two theories regarding the origin of the Monguor: the 'Mongol Theory' and the 'Tǔyùhún Theory'. The Mongol Theory, which is given most space in this text, suggests that the Monguor are descendants of thirteenth century Mongol soldiers. In contrast, the Tǔyùhún Theory suggests that the Monguor originate in an older population that migrated into the region in the third century CE. In addition to discussing these theories of Monguor origins, this text also provides various ethnonyms used to describe the Monguor in Chinese historical records, and gives extracts from Míng (1368-1644) and Qīng (1644-1911/12) dynasty records referring to the Monguor.

KEYWORDS

Mongol, Monguor, origins, Qinghai, Tu, Turen, Tuyuhun

THE TRANSLATED TEXT

The Tǔzú refer to themselves as 'Ménggǔ'ér' (Mongolian) and 'Cháhǎnménggǔ'ér' (White Mongolian). The Tǔzú are a new ethnic community descended from Mongolians who entered and resided in the Hé-Huáng region of Qīnghǎi in the Mongol Yuán Dynasty (1279-1368), and who were formed after assimilating members of the Hàn and Tibetan ethnicities and elements of those cultures.

During the Yuán Dynasty, various Mongolian people moved into the present northwestern Gānsù-Qīnghǎi-Níngxià region under all kinds of circumstances. A significant number settled and became new native peoples. In the Míng Dynasty (1368-1644), Hàn and other ethnic groups referred to these descendants of Mongolians as 'Dádá', 'Dámín', 'Tǔdá', 'Tǔmín', and 'Tǔrén' (native people). For example, the third chapter of the Wànlì era (1573-1619) *Níngxià Gazetteer* records:

高祖略定陕西，残元部落率众归附，立灵州守御千户所，其属处于瓦渠四里为民，号'土达'

When Gāozǔ took control of Shǎnxī, the remnants of the Yuán armies led the masses into submission (to the Míng). A 'qīānhùsuǒ' protecting Língzhōu was established, and their camp-followers were settled in Wǎqúsīlǐ as civilians and called 'Tǔdá'.

Also, the seventeenth chapter of the Kāngxī era (1661-1722) *Mín Prefectural Gazetteer* cites Wáng Yúnfēng's (of the Míng Dynasty) *Records of the Rebuilt School*, where it is recorded:

其在前元降者为土民

Those that surrendered from the Yuán of former times were regarded as 'Tǔmín'.

Again, the third chapter of the Qiānlóng era (1735-1796) *Zhuānglàng County Gazetteer* quotes the words of a Míng era county magistrate, Dòu Wényǔ, saying:

又见土达军户皆防御三边之卒，犹是元之种类，归附为民。

Moreover, there appeared soldiers of 'Tǔdá' military households who defended the three borders; they were of the Yuán category, and they all submitted [to the Míng] and were made civilians.

Examples of this sort are extremely easy to compile from the literature concerning the Northwest in Míng and Qīng times.

These descendants of the Mongolians, who were called 'Tǔdá', 'Dámín', 'Tǔrén', and 'Tǔmín', had long been separated from the main part of their ethnic group and the grassland region where they originally resided. After the fall of the Yuán Dynasty they lost their privileged position as the ruling ethnic group. As a result, their economic life, culture, customs, and ethnic consciousness was influenced by other ethnicities and cultures, which gave rise to a great deal of variation. This led to the gradual diminishment and even extinction of their original Mongolian characteristics. Some among them were gradually assimilated into other ethnicities, while others formed a new ethnic community upon assimilating to other ethnicities and mixing elements of other cultures with their own. The formation of the Tǔzú is the concrete embodiment of this historical phenomenon.

The Tǔzú were a portion of the people described above who were referred to as 'Tǔdá', 'Dámín', 'Tǔmín', and 'Tǔrén'. Therefore, these names are those that other ethnic groups (primarily the Hàn) used to refer to the Tǔzú throughout history (especially in the Míng-Qīng era). For example, the Tǔzú of Yǒngdèng County, Gānsù Province (which in Míng times was the Zhuānglàng Commandary) were referred to as 'Tǔrén', 'Tǔmín', and 'Tǔdá' in the Míng era. Moreover, *The Veritable Records of Míng: Yīngzōng*, Chapter 150 records:

命陕西庄浪卫土官指挥同知鲁失夹子鉴袭父职，管领土达官军操备。

[The Emperor] ordered the son of Lǔshījiā, the local commander of the Zhuānglàng Commandary in Shǎnxī to succeed to his father's position, and take charge in the exercise and training of 'Tǔdá' officers and troops.

As for this Mister Lǔ, his family ruled the local people for generations during the Míng-Qīng era; he himself was the descendant of the Mongolian ruling clan. Also, the residents of Bāzhōu, Hóngyá, Lǎoyā, and Sānchuānsìlǐ were primarily 'Tǔrén', as recorded in the Míng era *Gazetteer of the Xīníng Commandary*:

西宁卫，领驿七，递运所四，俱本卫三川等四里土民金当，自备马，骡，牛只

The Xīníng Commandary governs seven relay stations and four transfer posts, all of which are staffed by the 'Tǔmín' of this commandary's four districts, such as Sānchuān. The staff provides their own horses, mules, and cattle.

These locals were referred to as 'Tǔmín' (native people). The *Veritable Records of Míng: Yīngzōng*, Chapter Twenty-three, records:

免西宁卫达民税粮。先是，镇守西宁署都指挥佥事金玉奏：'洪武，永乐中，达民止当马牛站铺，耕种自食，其后设立里甲，征收税粮，以致逃窜。'

[We order that] the 'Dámín' of the Xīníng Commandary be made exempt from the grain tax. Originally, Jīn Yù, the commander of affairs stationed at the Xīníng Bureau, memorialized, saying: "In the times of Hóngwǔ [1368-1398] and Yǒnglè [1403-1424] the 'Dámín' stopped serving at the horse and cattle stations, and cultivated fields to feed themselves, after which they established local protective organizations and collected grain taxes to alleviate [the problem of] escapees [from the protective system]."

Since the Tǔzú refer to themselves as 'Ménggǔ'ér', and throughout history have been referred to as 'Tǔdá', 'Tǔmín', then their deep historical relationship with Mongolians should be obvious. According to the *Veritable Records of the Míng: Xuānzōng*, Chapter Thirty-seven, the Hézhōu area, which was administered under the Xīníng Commandary, was "mostly inhabited by 'Tǔdá' foreigners." And, *Summary Records on the Qín Frontier*, written during the Kāngxī era (1661-1722), says that in the Hézhōu area, "there are many 'Tǔrén'." Therefore, we must regard these 'Tǔdá' and 'Tǔrén' as the same ethnic community traceable to the same stock. Moreover, the *Summary Records on the Qín Frontier* also records that the author investigated the origins of the Tǔrén (native people) of the frontier:

土人或云：其先世夷人。。。西宁庄浪者亦然。

Some among the Tǔrén say that their ancestors were 'Yí' people ... and that this is true of those in Xīníng and Zhuānglàng.

Throughout the *Summary of Records on the Qín Frontier*, wherever the term 'Yí' people' is used, it refers to Mongolians. As this makes clear, the native people of Hézhōu, Xīníng, and Zhuānglàng all have a common origin, and they originated as Mongolians.

In Tibetan historical materials, the native people of the south slopes of the Qílián Mountains and the Dàtóng and the Huáng river valleys are classified as originating from the Mongolian Prince Koten (Kuòduān) (d. 1251) who was first stationed in Liángzhōu's Yǒngchàng, and who passed through Tibetan areas. *The Orthodox History of Amdo* records:

华热[按：今甘肃天祝，永登及青海大通，互助一带]这个地区里还有蒙古阔端汗，亦译作'库腾'的部下后裔，如吉家，李家，鲁家，杨家等等许多小土管。

In the area of Huárè [from Tiānzhù and Yǒngdēng counties, Gānsù Province, to Hùzhù and Dàtóng counties, Qīnghǎi Province] there are still military descendants of the Mongolian General Koten; for example, such minor local officials as the Jí Family, Lǐ Family, Lǚ Family, and Yáng Family.

The Jí, Lǐ, and Lǚ families mentioned in this quote are undoubtedly the famous native local officials and *tǔsī* families of Gānsù and Qīnghǎi in the Míng-Qīng era. Moreover, Yáng is an important family name among the Tǔzú. Another Tibetan historical document, *A Brief History of Yòuníng Monastery*, records:

从前，大地梵天江格尔汗[按：成吉思汗]的大臣格勒特带领部属来到这里[按：佑宁寺所在的今互助地区]，现在的霍尔[即土族]多为他们的后裔。

In the past, Gélètè, the great official of Genghis Khan, came to this place (the area in Hùzhù County around Yòuníng Monastery) leading his military and their subordinates. The Hor (i.e., Tǔzú) of today are mostly their descendants.

The same text also records:

关于霍尔人的历史，从前霍尔王的后裔额尔丹王带领他的许多家人来到这里，相传后来融合于郭隆地区[按：佑宁寺所在地]，居住在威远堡[按：今互助土族自治县所在地]。。。后代繁衍。

As for the history of the Hor, in the past, King E'érdān, the descendant of the Hor king, led many of his family to this place. According to legend, they later mixed in the Guōlóng area (the location of Yòuníng Monastery), and resided in Wēiyuǎn (the location of the county seat of Hùzhù)...their descendants gradually increased in number over time.

The names 'Gélètè' and 'E'érdān' in the previous quotations are close in pronunciation, and they probably represent different ways of transcribing the same name. When Yòuníng Monastery was founded, Gélètè was honored as a protective deity.

Moreover, according to the investigations of a Tǔzú scholar:

民和县三川土族地区石崖上有个崖尔寺。寺内供的神名叫郭尔朵的的['的的'，三川土语，爷爷的意思]。据说郭尔朵是蒙古人，成吉思汗的大将，带兵打西藏，退兵时找不到马镫，便同部众在三川一带居留下来，和当地的妇女结了婚。

In Shíyá in the Sānchuān Tǔzú area of Mínhé County there is a Yá'ér Monastery. Within the monastery the name of the god to whom offerings are made is 'Guō'érduǒ dīdī' ('dīdī' means 'paternal grandfather' in Sānchuān Tǔ language). According to the story, Guō'érduǒ was Mongolian, a great general of Genghis Khan. He led troops to fight in Tibet, and when returning he could not find his stirrups, so he and his troops settled in Sānchuān and married local women.

Some scholars believe:

格日勒图[格勒特]和郭尔朵是一人，是放音之差，民和的郭尔朵是互助的格日勒图。。。这则传说与藏文《佑宁寺志》的记载完全相符

Gérìlètú (Gélètè) and Guō'érduǒ are the same person; this is a difference in pronunciation. Mínhé's Guō'érduǒ is Hùzhù's Gérìlètú. ... This legend is in complete agreement with the records of *The History of the Yòuníng Monastery*.

In making the connection to the records of *The Orthodox History of Amdo*, it is probably the case that 'Gélètè', 'E'érdān', and 'Guō'érduǒ' are all the same name as Koten, the Mongolian general. Therefore, the majority of the Tǔzú originated in the Mongol Empire and from the Mongolians, who repeatedly immigrated in the Yuán Dynasty, and there is an especially close connection with the armies of Khoten, the King of Yǒngchàng.

Another powerful piece of evidence supporting the position that the Tǔzú descended from Mongolians is that the languages of the Tǔzú belong to the Hé-Huáng group of Mongolic languages. The basic vocabulary of the Tǔ and Mongolian languages are the same. They share common morphological categories and grammatical forms. Especially significant is that the modern Tǔ

language, in terms of its phonetic features, syllable structure, and basic word meaning, is even closer to the Mongolian language of the thirteenth and fourteenth centuries.

As an independent ethnic community, the Tǔzú formed around the time of the late Míng Dynasty.

Certainly, regarding the origin of the Tǔzú, at this point in time there is no settled opinion that receives the general acceptance and support of the academic community. In this work, we selected the 'Mongol Theory', which is the amalgamation of the research results of previous scholars who hold this position and the fruits of the investigations of this book's authors. Limited by the form and scope of this book, we are not able to present it in full.

In the view of others, the 'Tǔyùhún Theory' holds great influence. This theory holds that the Tǔyùhún Kingdom (~285-670) has a history of more than 300 years in Qīnghǎi, and was wiped out by the Tǔfān in the Lóngshuò era of the Táng Dynasty (618-907). A small group of their people followed the royal court and moved east to the area of Níngxià, Shǎnběi, and Shānxī, while the majority of their people stayed behind in their homeland. This latter group, except those who were assimilated into the Tǔfān, lived and flourished on the southern slopes of the Qílián Mountains and north of the Huáng River. In Classical Tibetan documents, the Tǔyùhún are referred to as 'Āchái' (Āxià) or 'Hor'; this 'Hor' is a phonetic correspondent to the 'hún' of the Tǔyùhún. After the Mid-Táng (eighth century) the Tǔyùhún were referred to as 'Tǔhún', 'Tuìhún', and simply 'Hún'. In Tǔzú areas today, many villages use 'Hor' (sometimes written as Hé'ér, or Hè'ér) in their name, and there is a legend among a group of Tǔzú that their ancestors were called 'Hor'. In the investigation of Tǔzú history, Tǔzú people claim that their ancestors migrated from a place in the northeast called 'Húsījǐng'. This, and the historical fact that the Tǔyùhún came to Qīnghǎi from western Liǎodōng, substantiate each other. In Yuán times, Mongolians emigrated to Qīnghǎi and merged with the descendants of the Tǔyùhún, who were called 'Hor' by the Tibetans, and they absorbed members of such other ethnic groups as the Hàn and Tibetans, and formed a new ethnic community. Throughout the process of forming the Tǔzú, the Tǔyùhún were in the dominant position. The name of the Tǔzú, then, came from the *tǔ* in 'Tǔyùhún'. The *hún* means 'person' in Mongolian. 'Tǔhún' is then simply 'Tǔrén'. The name 'Tǔyùhún' died out in Yuán times and was replaced by the term 'Tǔrén' (native people).

The Tǔzú primarily reside in the valleys of the Huáng and Dàtōng rivers. A small group resides along the middle reaches of the Lóngwù River south of the Yellow River. In Yuán and Míng times the Tǔzú and their ancestors engaged in both agriculture and animal husbandry. Owing to the powerful influence of Hàn Chinese and the fact that the majority of Tǔzú reside in relatively low altitudes along river valleys that are better suited for cultivation, agriculture has taken an increasingly important position in their socio-economic life.

Because Tǔzú live in communities mixed with Hàn and Tibetan populations, their culture has been greatly influenced by them. The Tǔzú mostly believe in Tibetan Buddhism.
